INTRODUCTION

This list of resources is for individuals who are looking to take action but are unsure where to begin. It assumes that the reader has already understood that police brutality is an ongoing issue affecting the black community, and would like to educate themselves and provide aid in any way they can.

I have compiled links to resources that I've seen floating around, and done my best to source as much as possible. The purpose of this document is to compile as much information that's been readily available as possible. As a non-black person of color, I want to recognize that I cannot dictate what a protest in response to violence facing black communities should look like. This document serves as a means of compiling already present resources and information.

If you have any resources that you would like to add, or any corrections to make to this document, please contact me via @abjectcriticism on Twitter.

- Hello, how are you doing today? I'm well. I'm calling today to demand that the **(insert title here)** respond to the President's designation of Antifa as a terrorist group. I want to know exactly what measures and legislation the **(congressmember, representative, insert title here)** will support to not only demilitarize police, but denounce the President's classification of Antifa as a terrorist organization.
- Antifa isn't an organization and has no leadership or hierarchy. By designating them as a terrorist organization, the President has given law enforcement free reign to treat them as enemy combatants and ignore their constitutional protections. How is your office going to respond to this attack on free speech? What is the **(title of person)** going to do to protect Americans as they fight in the streets for a better future? I don't want to hear about your email newsletter or your press statement, I want results.
- The President literally tweeted "when the looting starts the shooting starts" and now his administration is taking steps to ensure that can actually happen without any repercussions. What are you going to do

about this? This is absolutely ridiculous and I demand that the **(title of person)** unequivocally condemn his language and move towards curtailing this crazy abuse of power.

- I also want to know whether or not the **(title of person)** will be supporting the EARN It Act. This bill is a bullshit way to invade the privacy of Americans and further erode freedom of speech. I demand that the **(title of person)** move to immediately condemn this bill if they are not co-sponsors. If they are co-sponsors, please explain to me why they support the invasion of privacy and the destruction of the first amendment. They need to get a statement out immediately to condemn all of this and to clearly explain what they're going to do to fight this and how.

I'm calling because I demand accountability for the racist murder of George Floyd. I demand that you press charges against all of the officers involved in the incident, including Derek Chain and TOu Thao. I'm calling because I demand accountability for the racist murder of George Floyd. I urge you to defund the Minneapolis Police Department during the special budget session and instead invest in community programs that will help reduce the amount of violence in Minneapolis.

George Floyd should be alive today, and we must start providing more support towards community efforts in order to prevent this brutality and violence from happening in the future. Thank you.

- Hello, my name is [insert name], and I live in [insert city, town or neighborhood]. As a member of this community, I want justice for George Floyd -- a man killed mercilessly by the Minneapolis Police. The investigation into his killing should be independent, fair and conducted by the Attorney General's office. I'm calling on you to transfer the prosecution of the police who killed George Floyd to the Minnesota Attorney General and to appoint a Special Assistant Attorney General to lead the prosecution. The Hennepin County Attorney's office works every day with Minneapolis Police and has failed to bring charges in past police killings. I don't trust the county attorney to fairly prosecute this case. Your appointment of a special prosecutor will send a clear message to the community that you value justice for George Floyd. Thank you.

- Hello, my name is [insert name], and I live in [insert city, town or neighborhood]. I'm calling to urge your office to accept and advocate for a special prosecutor to prosecute the Minneapolis police who killed George Floyd. I know that people are in pain. We are angry and reeling from yet another senseless killing of a Black man. The Hennepin County Attorney works with Minneapolis Police every day, and his office has failed to bring charges in past police killings. That's why we need your office to prosecute these officers. To the Office of **(Insert Individual)**

My name is **(Insert name)** and I demand to know why there has been **(a lack of action, inexcusable conduct, a slow response time, etc.)** in regards to **(insert event name)**. The lack of accountability on your team's part shows a blatant disregard not only for the well-being of the members of your community, but also for the most vulnerable segments of your community. I urge you to take quick and decisive action in order to rectify the situation and I demand that you hold the guilty parties accountable so that justice may be served.

Communities across America are rallying together in order to show solidarity and it is absolutely ridiculous that an (elected official, government official, basically just any adjective that describes their job) such as yourself is showing such a high degree of incompetence or even apathy at this time. Your community deserves better than this, the families of the people involved deserve better than this, and the oath you swore to your office most certainly deserves better than this.

Please make a point to resolve this issue as quickly as possible. Show your community that you still care about their needs and prove to them that you are still worthy of your title and office. Should you prove otherwise, know that you will be replaced with someone who is.

Respectfully,
(Your name)

*For elected government officials **regarding George Floyd**- state and local officials, as well as Congress members (Representatives and Senators)*

- [Find your representative here](#) // [Find your senator here](#)

To **(Insert Title Here)**,

I am writing to you today to demand a response from your office regarding the murder of George Floyd. As you are well aware, Mr. Floyd was senselessly killed in broad daylight and the officer who murdered him was only recently charged when an entire city began to protest this miscarriage of justice. I want to know exactly what legislation you plan to introduce or support in order to curtail not only the militarization of America's police forces, but their consistent abuse of power. Are you going to stand against the President's calls to shoot protestors? Are you aware that Antifa is NOT an actual organization with members or hierarchy, and that its recent designation as a terrorist group will allow law enforcement to exercise "extreme prejudice" against American protestors by classifying them as domestic terrorists?

Where was this energy in the aftermath of the Charlottesville riots? What did you do to ensure such a tragedy never happened again? If you legitimately worked towards change, I applaud you and I hope that you will continue to advocate and legislate towards a safer and more inclusive America. If you stood silent and choose to continue to remain silent, know that you are complicit in the wanton erosion of civil liberties and wholesale murder of American lives.

Do not refer me to your press page. Do not tell me to sign up for your newsletter. Do not give me or my fellow constituents half-baked responses that only serve as PR. Give us real change. Do your job. Tell me how you plan to rescind political donations from police unions and other organizations that have helped militarize our officers. Tell me how your office plans to donate to mutual aid funds or freedom funds. Do not give me empty words.

Respectfully yours,
(Your name)

SPREAD AWARENESS

- Sharing resources, donation links, and petitions with your community is vital to raising public awareness
 - Please share any and all links in this document that you found helpful with the people in your community
 - Where possible, uplift black voices and content centered around blackness
- When sharing images, videos, etc:
 - **Avoid posting pictures of protesters-** [protestors in Ferguson have died as a result of being recognized](#)
 - If posting protesters, be sure to block their ENTIRE body out—police can identify them by clothing or other identifying marks
 - **NOTE:** blur filters can be reversed; use editing software to place black boxes on bodies
